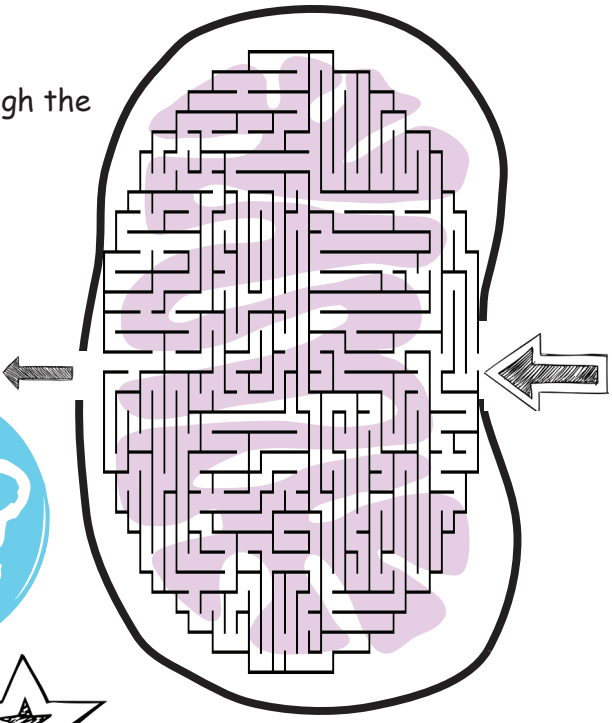
# Mitochondria! Facts and Fun!

## The Mito Maze

Find you way through the mitochondrial cell

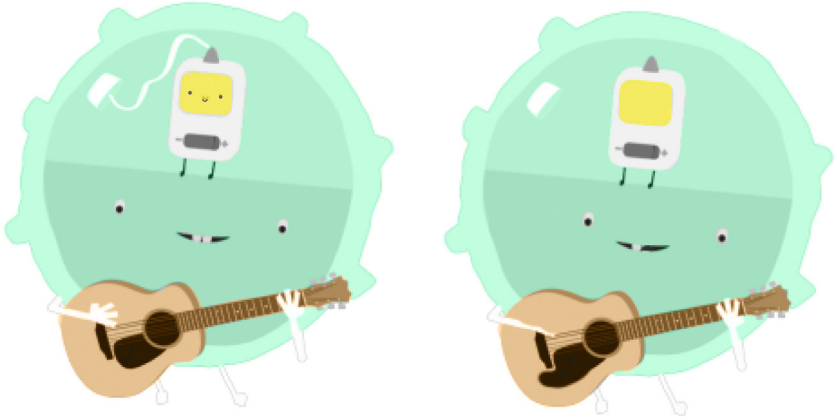


## Did you know

That our body contains about 25 thousand trillion Mitochondria!
How would you write that in numbers?

## Spot the difference

Find 6 differences in these cells



## Why do we need energy?

Everything that our body does, from staying warm, to moving and thinking needs energy...even reading this!

How many mitochondria can fit on a pin head

about 2000

## Can you find the hidden words?
